PAPERS

Department of Botany

Volume III

1954-1958

COMMONWEALTH MYCOLOGICAL INSTITUTE
24 DEC 1959

CONTENTS

1. Enclosing of Vines by Trunks of Rain Forest Trees .. .. D. A. Herbert
(pp. 1-7. 1 pl., 21st April, 1954)

2. Three Species of Fungi Parasitic on Marine Algae in Tasmania A. B. Cribb and
(pp. 9-13, 1 pl., 14th June, 1954) J. W. Herbert

3. Records of Marine Algae from South Eastern Queensland. I .. A. B. Cribb
(pp. 15-37, 4 pl., 23rd August, 1954)

4. New Species of Claviceps .. .. R. F. N. Langdon
(pp. 39-40, 15th October, 1954)

5. The Origin and Distribution of *Cynodon dactylon* (L.) Pers. .. R. F. N. Langdon
(pp. 42-44, 15th October, 1954)

6. The Mitchell Grass Association of the Longreach District .. D. Davidson
(pp. 45-59, 20th October, 1954)

7. The Origin and Differentiation of *Claviceps* Species .. .. R. F. N. Langdon
(pp. 61-68, 29th December, 1954)

8. The Gasteromycetes of Queensland. Part I—Phallales, Sclerodermales, Lycoperdales and Nidulariales .. .. .. J. W. Cribb
(pp. 69-74, 2 figs., 30th September, 1955)

9. *Puccinia visci* sp. n. on *Viscum* in Queensland .. .. .. J. W. Cribb
(pp. 75-76, 1 fig., 30th September, 1955)

10. Marine Fungi from Queensland—I .. .. A. B. Cribb and
(pp. 77-81, 1 pl., 30th September, 1955) J. W. Cribb

11. Quantitative Methods for Estimating the Distribution of Soil Fungi .. .. J. E. C. Aberdeen
(pp. 83-96, 30th September, 1955)

12. Marine Fungi from Queensland—II .. .. A. B. Cribb and
(pp. 97-105, 3 pl., 20th November, 1956) J. W. Cribb

13. The Gasteromycetes of Queensland—II .. .. J. W. Cribb
(pp. 107-111, 1 pl., 20th November, 1956)

14. Factors Influencing the Distribution of Fungi on Plant Roots. Part I—Different Host Species and Fungal Interactions .. J. E. C. Aberdeen
(pp. 113-124, 20th November, 1955)

15. The Gasteromycetes of Queensland III—Rhizopogon, Hymenogaster and Richoniella .. .. J. W. Cribb
(pp. 125-129, 1 pl., 5th November, 1956)

16. Records of Marine Algae from South-Eastern Queensland II—Polysiphonia and Lophosiphonia .. .. A. B. Cribb
(pp. 131-147, 5 pl., 5th November, 1956)

17. Two Species of Tuberales from Queensland .. .. .. J. W. Cribb
(pp. 151-152, 2nd June, 1958)

18. The Gasteromycetes of Queensland IV—Gautieria, Hysterangium and Gymnoglossum .. .. J. W. Cribb
(pp. 153-159, 2nd June, 1958)

19. Records of Marine Algae from South-Eastern Queensland III—Laurencia Lamx .. .. A. B. Cribb
(pp. 159-191, 13 pl., 3rd April, 1958)

20. The Genus Trentepohlia in South-Eastern Queensland .. A. B. Cribb
(pp. 193-201, 4 pl., 23rd April, 1958)

21. Records of Trentepohlieae from Papua I .. .. A. B. Cribb
(pp. 203-206, 1 pl., 23rd April, 1958)

22. A Note on the Structure of Green Alga Callipsygma wilsonis J. Ag. .. .. A. B. Cribb
(pp. 207-208, 1 pl., 23rd April, 1958)

23. Records of Marine Algae from South-Eastern Queensland IV—Caulerpa .. .. A. B. Cribb
(pp. 209-220, 5 pl., 23rd April, 1958)

24. Further Experiments on the Influence of Light Intensity on the Growth of the Sunflower (*Helianthus annuus*), with a Discussion of Some Pot Culture Difficulties and Possible Shortcomings of Growth Analysis Comparisons .. .. G. L. Wilson
(pp. 223-245, 4th September, 1958)

25. The Gasteromycetes of Queensland V—Octaviania and Hydnangium .. .. J. W. Cribb
(pp. 248-254, 1 pl., 20th December, 1958)
